About FASP CSFI: The Florida Association of School Psychologists (FASP) is the professional organization for approximately school psychologists working in Florida in a variety of private and community settings throughout the state. The FASP Children's Services Fund, Inc. (CSFI) is FASP's affiliated charity arm. The mission of the CSFI is to provide direct and indirect services that promote the educational and psychological well-being of Florida's needy children and families. The primary purpose of the FASP CSFI fundraising projects is to provide emergency and planned grants at the request of school psychologists and other professionals throughout Florida. Through these grants, more than 95% percent of all funds raised go directly to Florida's students and families in need of assistance.
