

Roles

Our school psychologists perform multiple roles:

- Assessment
- Counseling and Intervention
- MTSS team member
- Opportunities to provide staff development
- Collaboration and consultation

Resources

We provide the tools and training you need:

- A large inventory of assessments, including Q-Interactive
- Counseling and social skills programs and resources
- Professional development provided through workshops and conferences
- Paid FASP membership

Staff

- Our staff of 10 school psychologists is small enough to allow a collegial feel while still providing for a diversity in experience.
- Be part of a mental health team that includes social workers and school counselors.
- Be a valuable member of your school team, with school psychologists assigned to no more than 2 schools.
- Other district staff have responsibility for completing procedural paperwork and organizing and leading meetings.
